PROCESSING OF PERSONAL DATA

Description of the data processing

As an academic research group, RING collect personal data for its website and to promote science and its researchers' work and scientific advances. For more information about RING project, please refer to RING website: <https://www.ring-team.org/>

The data collected is indispensable for

- the promotion of science and research
- the sharing of scientific advances with RING's sponsors and colleagues, as well as students and the scientific community
- the organization of the annual RING meeting: <https://2021ringmeeting.event.univ-lorraine.fr/>

The legal basis of this processing is the performance of a task carried out in the public interests (article 6 1. e of the *Règlement Général sur la Protection des Données* N°2016/679).

Data will be used by RING. Data may be stored for a duration that does not exceed the necessary duration for which they have been collected or are treated, according to the applicable laws. For this reason, RING keeps personal data for the duration of people's activities within RING or for as long as they wish to appear on the "Alumni & Friends" page of RING website. The participation to the research project and to the above activities is based on a voluntary participation.

Purpose of data processing
